

## CURRICULUM VITAE

**DIYA F. MUTASIM, M.D.**

**PROFESSOR AND CHAIRMAN, DEPARTMENT OF DERMATOLOGY  
PROFESSOR, DEPT. OF PATHOLOGY & LABORATORY MEDICINE  
UNIVERSITY OF CINCINNATI COLLEGE OF MEDICINE**

### PERSONAL

**Office Address:** Department of Dermatology  
University of Cincinnati College of Medicine  
P.O. Box 670592  
Cincinnati, OH 45267-0592  
(513) 558-6242  
E-Mail: diya.mutasim@uc.edu

### EDUCATION

1971 - 1974 B.S., Biology-Chemistry (**with distinction**)  
School of Arts and Sciences  
American University of Beirut

1974 - 1979 M.D.  
School of Medicine  
American University of Beirut  
(Last year, 1979, as Intern in Internal Medicine)

### PROFESSIONAL EXPERIENCE (Postgraduate Training)

7/79 - 6/82 Resident, Dermatology  
Department of Dermatology  
American University of Beirut, Lebanon  
1982 - Chief Resident

7/82 - 4/83 Instructor, Dermatology  
Department of Dermatology  
American University of Beirut, Lebanon

4/83 - 12/85 Postdoctoral Research Fellow, Immunodermatology Unit  
Department of Dermatology  
The Johns Hopkins University, Baltimore, Maryland

1/86 - 12/86 Resident, Internal Medicine  
Good Samaritan Hospital  
Baltimore, Maryland

1/87 - 12/89 Resident and Chief Resident, Dermatology  
Department of Dermatology

The Johns Hopkins University, Baltimore, Maryland

- 1/90 - 8/94      Assistant Professor  
Department of Dermatology  
University of Cincinnati College of Medicine, Cincinnati, Ohio
- 8/94 - 11/98      Associate Professor  
Department of Dermatology  
University of Cincinnati College of Medicine, Cincinnati, Ohio
- 11/98 - Present    Professor and Chairman  
Department of Dermatology  
University of Cincinnati College of Medicine, Cincinnati, Ohio
- 11/05 - Present    Professor  
Dept. of Pathology & Laboratory Medicine

**EXAMINATIONS**

- NBME I, 1977
- NBME II, 1978
- ECFMG, January, 1980; valid indefinitely 1/22/86 (#317-811-8)
- FLEX, June, 1984

**MEDICAL LICENSURE**

- New York (#161849-1) - inactive
- Ohio (#35-05-9745)
- Pennsylvania (#MD-054-200-L)

**BOARD CERTIFICATION**

- 1990    American Board of Dermatology
- 1991    Immunodermatology
- 1993    Dermatopathology

**PROFESSIONAL MEMBERSHIPS**

- American Academy of Dermatology, 1990-present
- American Dermatological Association, 2005-present
- American Society for Photobiology, 2006-2007
- American Society of Dermatopathology, 1992-present
- Annenberg Circle of the Dermatology Foundation, 2005-present
- Association of Professors of Dermatology, 1997-present
- Cincinnati Dermatological Society, 1990-present
- International Society of Dermatology, 2006-present
- International Society of Dermatopathology, 2006-present
- Medical Dermatology Society, 2004-present
- Noah Worcester Dermatological Society, 2006-present
- Ohio Dermatological Association, 1995-present
- Society for Investigative Dermatology, 1990-present

## **HONORS AND AWARDS**

Best Doctors in America - 2002, 2004

Who's Who Among America's Teachers – 2004, 2005

Cincinnati Magazine Best Doctors - 2007

Teaching Excellence Award

- Dermatology Senior Residents, 1991
- Dermatology Senior Residents, 1992
- Dermatology Senior Residents, 1993
- Dermatology Senior Residents, 1995
- Dermatology Senior Residents, 1996
- Dermatology Senior Residents, 1997
- Dermatology Senior Residents, 1999
- Dermatology Senior Residents, 2000
- Dermatology Senior Residents, 2001
- Dermatology Senior Residents, 2006

## **COMMITTEES**

- 1990 Internal Residency Program Evaluation
- 1990 Accreditation for Dermatology Residency Program
- 1990 Drug Formulary
- 1990 Shriners' Burns Institute Research Committee
- 1991 Cincinnati Dermatologic Society Scientific/Educational Committee (Chairman, 1991-present)
- 1991 Cincinnati Dermatologic Society Scientific Speaker Committee (Chairman, 1991-present)
- 1991 Cincinnati Dermatologic Society Continuing Medical Education Committee (1991-present)
- 1991 Ohio Dermatological Association Resident's Award Committee
- 1991 Department of Dermatology RPT Committee (1991-present)
- 1992 Department of Dermatology Budget Committee
- 1994 UCMA Board of Trustees (1994-present)
- 1997 Member of the Alliance of Physicians and Surgeons, Specialty Advisory Council (1997-present)
- 1998-1999 Cincinnati Dermatologic Society, President
- 1999-2004 American Academy of Dermatology Task Force on "Psychocutaneous Disorders"
- 2000 Member – UC Physicians Campus North Development
- 2000 Care Committee, University of Cincinnati College of Medicine
- 2000 Faculty Council, University of Cincinnati College of Medicine
- 2001- University of Cincinnati Malpractice Committee
- 2002- UC Physicians Legal Committee
- 2002-present Vice Chair, Dermatology Foundation Southern Ohio Leaders Society
- 2002- UC Physicians Electronic Medical Record Committee
- 2003- UC Physicians Workforce and Services Planning Committee for Retreat June 27-28
- 2004
- 2005-07 Member, Board of Directors, Medical Dermatology Society
- 2005-present Member, Committee on Admissions, University of Cincinnati College of Medicine
- 2005-present Member, Mentorship Program Committee, Medical Dermatology Society

2005-present Member, Abstract Evaluation Committee, Medical Dermatology Society  
2005-present Chairman, Committee on Education, Medical Dermatology Society  
2007-present Member, UC Physicians/ECG Steering Committee

## PUBLICATIONS

1. Mutasim DF, Kurban A: Granuloma annulare treated with chlorambucil: An 18 month follow-up. *Arch Dermatol* 119(6):451-452, 1983.
2. Saab GA, Kurban AK, Mutasim DF: Graft versus host disease in lymphoblastic lymphoma following blood transfusion. *Middle East J Anesthesiol* 7:221-225, 1983.
3. Mutasim DF, Badr K, Saab G, Kurban A: Graft versus host disease in a patient with acute lymphoblastic lymphoma. *Cutis* 33(2):206-210, 1984.
4. Mutasim DF, Kurban A: Disseminate palmoplantar keratoderma with truncal lesions. *Dermatologica* 168:296-299, 1984.
5. Freij BJ, Levy HL, Dudin G, Mutasim DF, Deeb M, DerKaloustian VM: Clinical and biochemical characteristics of prolidase deficiency in siblings. *Am J Med Genet* 19:561-571, 1984.
6. Mutasim DF, Takahashi Y, Labib RS, Anhalt GJ, Patel HP, Diaz LA: A pool of bullous pemphigoid antigen(s) is intracellular and associated with the basal cell cytoskeleton-hemidesmosome complex. *J Invest Dermatol* 84(1):47-53, 1985.
7. Takahashi Y, Mutasim DF, Patel HP, Anhalt GJ, Labib RS, Diaz LA: The use of human pemphigoid autoantibodies to study the fate of epidermal basal cell hemidesmosomes after trypsin dissociation. *J Invest Dermatol* 85:309-313, 1985.
8. Mutasim DF, Anhalt GJ: Bullous diseases. In: *Stein's Textbook of Internal Medicine, 2nd Edition*, JH Stein (ed), Little, Brown and Company, Boston, MA, 1986. pp. 1368-1372.
9. Diaz LA, Roscoe JT, Eaglstein NF, Labib RS, Patel HP, Mutasim DF, Anhalt GJ: Human pemphigus autoantibodies are pathogenic to squamous epithelium. *Ann NY Acad Sci* 475:181-191, 1986.
10. Labib RS, Anhalt GJ, Patel HP, Mutasim DF, Diaz LA: Molecular heterogeneity of the bullous pemphigoid antigens as detected by immunoblotting. *J Immunol* 136(4):1231-1235, 1986.
11. Mutasim DF, Anhalt GJ, Diaz LA, Patel HP: Linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies: The result of hemidesmosome staining. *J Am Acad Dermatol* 16:75-82, 1987.
12. Anhalt GJ, Patel HP, Jampel H, Jabs DA, Labib RS, Diaz LA, Mutasim DF: Bullous pemphigoid autoantibodies as markers of corneal epithelial hemidesmosomes. *J Invest Ophth Vis Sci* 28:903-907, 1987.
13. Diaz LA, Sampaio SAP, Rivitti EA, Macca ML, Roscoe JT, Takahashi Y, Labib RS, Patel HP, Mutasim DF, Dugan EM, Anhalt GJ: An autoantibody in pemphigus serum specific for the 58 kD

- keratin selectively binds the surface of keratinocytes: Evidence for an extracellular keratin domain. *J Invest Dermatol* 89:287-295,1987.
14. Mutasim DF, Morrison LH, Takahashi Y, Labib RS, Skouge J, Diaz LA, Anhalt GJ: Definition of bullous pemphigoid antibody binding to intracellular and extracellular antigen associated with hemidesmosomes. *J Invest Dermatol* 92:225-230, 1989.
  15. Mutasim DF, Anhalt GJ: Bullous diseases. In: *Stein's Textbook of Internal Medicine, 3rd Edition*, JH Stein (ed), Little, Brown & Company, Boston, MA, 1990. pp. 1828-1832.

## PRESENTATIONS

### NATIONAL AND INTERNATIONAL:

1. *Intracellular localization of bullous pemphigoid antigen(s) in close association with basal cell hemidesmosomes and cytoskeleton.* American Society of Clinical Investigation, Washington, DC, April, 1984.
2. *Intracellular localization of bullous pemphigoid antigen(s) in close association with basal cell hemidesmosomes and cytoskeleton.* Meeting of the American Academy of Dermatology, Washington, DC, December, 1984.
3. *Bullous pemphigoid: Recent research findings.* American University of Beirut, Lebanon, January, 1985.
4. *The use of immunofluorescence in the diagnosis of bullous disease.* American University of Beirut, Lebanon, January, 1985.
5. *The linear immunofluorescence staining of the cutaneous basement membrane zone produced by pemphigoid antibodies is the result of hemidesmosome staining.* Joint Meeting of the Society for Investigative Dermatology and the Japanese Society for Investigative Dermatology, Washington, DC, May, 1985.
6. *Bullous pemphigoid antibodies as markers for hemidesmosomes.* American Academy of Dermatology Meeting, Las Vegas, NV, December, 1985.
7. *Binding of bullous pemphigoid IgG to intra- and extracellular antigens, and differential complement fixation properties.* American Federation of Clinical Research Annual Meeting, Washington, DC, May, 1986.

8. *Atypical bullous diseases - Update.* American University of Beirut, Department of Dermatology. July 9, 1991.
9. *Detection of pemphigoid antibodies by special immunofluorescence, immunoblotting and immunoelectron microscopy in immunofluorescence negative bullous pemphigoid sera.* Meeting of the Society for Investigative Dermatology, Baltimore, Maryland. April 29 - May 2, 1992. (Poster Presentation)
10. *Expression of IgA pemphigus antigen in normal human skin and mucosa.* Meeting of the Society for Investigative Dermatology, Baltimore, Maryland. April 29 - May 2, 1992. (Poster Presentation)
11. *The Interpretation of serologic testing in connective tissue diseases.* American University of Beirut, Department of Dermatology, Beirut, Lebanon. June 23, 1992.
12. *Serologic testing in the diagnosis of connective tissue diseases.* Focus Session, American Academy of Dermatology annual meeting, San Francisco, California. December, 1992, Director Diya F. Mutasim, M.D.
13. *Detection of pemphigoid antibodies by special immunofluorescence immunoblotting and immunoelectron microscopy in immunofluorescence negative bullous pemphigoid sera.* Poster Presentation, American Academy of Dermatology annual meeting, San Francisco, California. December, 1992.
14. *Immunopathology of bullous diseases.* University of Michigan Department of Dermatology. May 14, 1993.
15. *Serologic testing for connective tissue diseases.* University of Michigan Department of Dermatology. May 17, 1993.
16. *IgA-pemphigus-antigen distribution and role of antibodies in disease pathogenesis.* AAD Summer Session, Clinical Studies, Toronto, Canada, July, 1993.
17. *Immunopathology of lupus erythematosus.* Boston University, Department of Dermatology, August 16, 1993.
18. *Serologic testing for connective tissue diseases.* Focus Session 854, American Academy of Dermatology annual meeting, Washington, D.C., December, 1993, Director Diya F. Mutasim, M.D.
19. *Paraneoplastic syndromes of the skin.* Medical Grand Rounds, St. Georges Hospital, Beirut, Lebanon, May 9, 1994.
20. *Paraneoplastic syndromes of the skin.* Middle East Medical Assembly meeting, American University of Beirut, Beirut, Lebanon, May 16, 1994.
21. *The clinical, histologic, and pathogenetic spectrum of cutaneous vasculitis.* Internal Medicine Grand Rounds, American University of Beirut, Beirut, Lebanon, May 17, 1994.
22. *Paraneoplastic disorders of the skin.* Lebanese Dermatologic Association meeting, May 17, 1994.
23. *An approach to the diagnosis of vasculitis.* Dermatology Grand Rounds, American University of Beirut, Beirut, Lebanon, May 18, 1994.

24. *Serology of connective tissue diseases.* Seminar 114 on "Immunology of the Skin" for Academy 1994, San Francisco, August 2, 1994.
25. *Interpretation of serologic testing for the diagnosis of connective tissue diseases.* Ohio State University, Department of Dermatology, Columbus, Ohio, January 13, 1995.
26. *Overview and update on immunologic bullous diseases.* Ohio State University, Department of Dermatology, Columbus, Ohio, January 13, 1995.
27. *Follicular psoriasis.* Session II Platform Presentation, American Society of Dermatopathology annual meeting, New Orleans, Louisiana, February 3, 1995.
28. *Serologic testing in the diagnosis of connective tissue diseases.* Focus Session 543, American Academy of Dermatology annual meeting, New Orleans, Louisiana, February 6, 1995, Director Diya F. Mutasim, M.D.
29. *Immunopathology of lupus erythematosus, in "human autoimmunity and the skin".* Forum Session 531, American Academy of Dermatology annual meeting, New Orleans, Louisiana, February 7, 1995, Director, Luis A. Diaz, M.D.
30. *Pemphigus subtypes: The old and the new.* Department of Dermatology, American University of Beirut, Lebanon, May 3, 1995.
31. *Basement membrane in health and in disease.* Department of Dermatology, American University of Beirut, Lebanon, May 8, 1995.
32. *The clinical spectrum of lupus erythematosus.* Lebanese Dermatologic Association, May 12, 1995.
33. *Serologic testing for connective tissue diseases.* In "Seminar 107: Immunology of the Skin", American Academy of Dermatology summer meeting, Chicago, Illinois, July 28, 1995, Director Charles Ellis, M.D.
34. *Laboratory diagnosis of bullous diseases.* In "Seminar 107: Immunology of the Skin", American Academy of Dermatology summer meeting, Chicago, Illinois, July 28, 1995.
35. *Serologic testing for connective tissue diseases.* Focus Session 627, American Academy of Dermatology summer meeting, Chicago, Illinois, July 28, 1995, Director Diya F. Mutasim, M.D.
36. *Management of autoimmune bullous diseases.* Dermatology Update: American University of Beirut and Lebanese Dermatologic Association, Beirut, Lebanon, October 20, 1995.
37. *Serologic testing for connective tissue disease.* Dermatology Update: American University of Beirut and Lebanese Dermatologic Association, Beirut, Lebanon, October 21, 1995.
38. *Laboratory evaluation of bullous diseases.* Ohio State University, Department of Dermatology, Columbus, Ohio, December 1, 1995.
39. *Serologic testing for connective tissue diseases.* Ohio State University, Department of Dermatology, Columbus, Ohio, December 1, 1995.

40. *Laboratory evaluation of bullous diseases.* Wayne State University, Department of Dermatology, Detroit, Michigan, December 20, 1995.
41. *Serologic testing for connective tissue diseases.* Wayne State University, Department of Dermatology, Detroit, Michigan, December 20, 1995.
42. *Serologic testing for connective tissue diseases.* Focus Session, American Academy of Dermatology annual meeting, Washington, D.C., February 11, 1996, Director Diya F. Mutasim, M.D.
43. *Immunopathology and serology of lupus erythematosus, in "human autoimmunity and the skin".* Forum Session 533, American Academy of Dermatology annual meeting, Washington, D.C., February 13, 1996, Director, Luis A. Diaz, M.D.
44. *Evaluation and management of bullous diseases.* American Academy of Dermatology summer session, Orlando, Florida, July 26, 1996.
45. *Immunopathology of lupus erythematosus in Forum 530 "Human Autoimmunity of the Skin".* American Academy of Dermatology, 55th annual meeting, San Francisco, California, March, 1997, Director, Grant J. Anhalt, M.D.
46. *Clinical-pathological-confidence: interesting cases from Cincinnati.* Grand Rounds, Department of Dermatology Wayne State University, Detroit, Michigan, April 16, 1997.
47. *The clinical spectrum of vasculitis and an approach to diagnosis.* Grand Rounds, Department of Dermatology Wayne State University, Detroit, Michigan, April 16, 1997.
48. *Management of bullous diseases, in "bullous diseases".* Seminar 109, American Academy of Dermatology meeting, New York, New York, August 2, 1997, Director Diya F. Mutasim, M.D.
49. *Clinical pathologic correlation in dermatology.* Department of Dermatology Wayne State University, Detroit, Michigan, December 17, 1997.
50. *The principles and practice of managing patients with bullous diseases.* Department of Dermatology Wayne State University, Detroit, Michigan, December 17, 1997.
51. *Immunopathology of lupus erythematosus.* In Forum 507 "Human Autoimmunity of the Skin", directed by Grant Anhalt M.D., American Academy of Dermatology meeting, Orlando, Florida, February 27, 1998.
52. *Management of bullous diseases.* In Forum 511 "Bullous Diseases, Diagnosis and Management", directed by Diya F. Mutasim, M.D., American Academy of Dermatology meeting, Orlando, Florida, February 27, 1998.
53. *Serologic testing for collagen vascular diseases.* In Symposium 347 "Diagnostic Update", directed by Janet Fairley, M.D., American Academy of Dermatology meeting, Orlando, Florida, March 3, 1998.
54. *Bullous diseases: diagnosis and management.* Topic 210, American Academy of Dermatology Meeting, Chicago, Illinois, August 2, 1998.

55. *A practical approach to connective tissue disease laboratory testing and interpretation.* In "Autoimmune Dermatoses" concurrent session directed by Grant Anhalt, American Academy of Dermatology Meeting, Chicago, Illinois, August 3, 1998.
56. *Serologic footprints of autoimmune disease.* American Society of Dermatology 7th Annual Meeting, Reno, Nevada, October 3, 1998
57. *Clinicopathological correlation: selected cases.* Pan-Arab League of Dermatologists, 6th Annual Meeting, Beirut, Lebanon, October 31, 1998.
58. *Management of bullous diseases.* Pan-Arab League of Dermatologists, 6th Annual Meeting, Beirut, Lebanon, November 1, 1998.
59. *Serology of lupus and other connective tissue diseases.* In Course 112 on "Immunology", American Academy of Dermatology Meeting, New Orleans, Louisiana, March 20, 1999.
60. *Management of bullous diseases.* In Forum 520 "Bullous Diseases: Diagnosis and Management", American Academy of Dermatology Meeting, New Orleans, Louisiana, March 22, 1999.
61. *Pemphigus: Review and Update.* Clinical Pathologic Correlations, Department of Dermatology, Wayne State University, Detroit, Michigan, May 12, 1999.
62. *Immunopathology of bullous diseases.* Department of Dermatology, Ohio State University, Columbus, Ohio, June 4, 1999.
63. *Serologic testing for connective tissue diseases.* Department of Dermatology, Ohio State University, Columbus, Ohio, June 4, 1999.
64. *Bullous Diseases: Pearls and Pitfalls.* Topic 202, Director, Summer American Academy of Dermatology Meeting, New York, New York, July 29, 1999.
65. *Clinical-Pathological Correlation.* Seminar 104, Summer American Academy of Dermatology Meeting, New York, New York, July 30, 1999.
66. *Management of Bullous Diseases.* Department of Dermatology, Brown University, Providence, Rhode Island, September 9, 1999.
67. *Serologic Testing of Connective Tissue Diseases.* Department of Dermatology, Brown University, Providence, Rhode Island, September 9, 1999.
68. *The Principles and Practice of Managing Bullous Diseases.* Forum 522, American Academy of Dermatology, March 13, 2000, San Francisco, California.
69. *The Basic Science of Dermatology: A Comprehensive Review.* Course 501, American Academy of Dermatology, August 4, 2000, Nashville, Tennessee.
70. *Bullous Disease: Pearls & Pitfalls.* Topic 213. American Academy of Dermatology, August 5, 2000, Nashville, Tennessee.

71. *Diagnosis and Management of Bullous Diseases.* Forum 518, American Academy of Dermatology, March 2, 2001, Washington, DC.
72. *Serologic Testing for Connective Tissue Diseases.* Michigan Medical Society, October 31, 2001, Detroit, Michigan.
73. Morrison LY (Course Director) & Mutasim DF: *Diagnosis and Management of Bullous Diseases.* Forum 513, American Academy of Dermatology, February 22, 2002, New Orleans, LA.
74. Rapini RP (Course Director) & Mutasim DF: *Basic Self-Assessment of Dermatopathology Course.* Course 102, American Academy of Dermatology, February 22, 2002, New Orleans, LA.
75. Reed BR (Course Director & Mutasim DF: *New and Emerging Therapies.* Symposium 343. American Academy of Dermatology, February 22, 2002, New Orleans, LA.
76. Mutasim DF: *Sjogren's Syndrome Presenting with Chronic Recurrent Purpura.* Case Presentation CP1-5. 11<sup>th</sup> Congress of the European Academy of Dermatology & Venereology, October 3, 2002, Prague, Czech Republic.
77. Mutasim DF: *Chronic Sclerosing Sarcoidosis Mimicking Lipodermatosclerosis.* Free Communication FCS-10. 11<sup>th</sup> Congress of the European Academy of Dermatology & Venereology, October 4, 2002, Prague, Czech Republic.
78. Mutasim DF: *Psoriasiform Acanthoma/Keratosis.* Poster Presentation P9-25. 11<sup>th</sup> Congress of the European Academy of Dermatology & Venereology, October 3, 2002, Prague, Czech Republic.
79. Mutasim DF: *Lymphomatoid Drug Eruption Secondary to Two Drugs that Suppress Angiotensin II Function.* 11<sup>th</sup> Congress of the European Academy of Dermatology & Venereology, October 4, 2002, Prague, Czech Republic.
80. Mutasim DF: *Serologic Testing for Connective Tissue Diseases.* Director, Focus Session 810, American Academy of Dermatology, March 21, 2003, San Francisco, CA.
81. Mutasim, DF: *Bullous Diseases.* Forum 525, American Academy of Dermatology, March 25, 2003, San Francisco, CA.
82. Mutasim, DF: *Lymphomatoid Drug Eruption Mimicking Digitate Dermatitis: Cross Reactivity Between Two Drugs that Suppress Angiotensin II Function.* Poster Presentation P6, American Academy of Dermatology, July 29, 2003, Chicago, IL.
83. Mutasim, DF: *Psoriasiform Acanthoma: Psoriasis-Like/Keratosis.* Poster Presentation P14. American Academy of Dermatology, July 29, 2003, Chicago, IL.
84. Mutasim, DF: *Serologic Testing for Connective Tissue Diseases.* Director, Focus Session 886, American Academy of Dermatology, February 10, 2004, Washington, DC.
85. Mutasim, DF: *Diagnosis & Treatment of Bullous Diseases.* Forum 520, American Academy of Dermatology, February 6, 2004, Washington, DC.

51. *Treatment of bullous diseases.* Ohio Dermatologic Association Meeting, Columbus, Ohio, September 16, 2000.
52. *Management of autoimmune bullous diseases.* Indiana Dermatologic Society Meeting, Indianapolis, Indiana, September 27, 2000.

53. *Cutaneous basement membrane.* Dermatology Grand Rounds, University of Cincinnati, September 28, 2000.
54. *Dermal-Epidermal Junction.* Introduction to Cutaneous Biology Course, Indiana University, Indianapolis, IN, November 17, 2000.
55. *Histopathology of subepidermal blisters.* Annual Midwest Dermatopathology Symposium, Indiana University, Indianapolis, IN, May 5-6, 2001.
56. *Mimics of melanoma.* University of Cincinnati Surgical Pathology, May 21, 2001.
57. *The Cutaneous Basement Membrane Zone.* Dermatology Grand Rounds, University of Cincinnati, July 5, 2001.
58. *Management of autoimmune bullous diseases.* Indiana Dermatologic Society Meeting, Indianapolis, Indiana, November 9, 2000.
59. *Serology of Connective Tissue Disease.* Dermatology Grand Rounds, University of Cincinnati, February 7, 2002.
60. *Basement Membrane Zone.* Introduction to Cutaneous Biology Course, Indiana University, Indianapolis, IN, October 25, 2002.
61. *Management of Bullous Diseases.* Dermatology Grand Rounds, University of Cincinnati, August 14, 2003.
62. *Established Psoriasis Treatments.* Patient Education Symposium on Psoriasis. Cincinnati, OH, April 24, 2004.
63. *Management of Bullous Diseases.* Dermatology Grand Rounds, Wayne State University, Detroit, MI, June 30, 2004.
64. *Serology of Connective Tissue Disease.* Dermatology Grand Rounds, Wayne State University, Detroit, MI, June 30, 2004.
65. *Lupus Erythematosus: A Dermatologist's Perspective.* Dermatology Grand Rounds, University of Cincinnati, September 30, 2004.
66. *Established Psoriasis Treatments.* Patient Education Symposium on Psoriasis. Cincinnati, OH, September 18, 2004.
67. *Established Psoriasis Treatments.* Patient Education Symposium on Psoriasis. Cincinnati, OH, May 21, 2005.
68. *Connective Tissue Disease Serology.* Dermatology Grand Rounds, Boston University, Boston, MA, May 4, 2005.
69. *Serology of Connective Tissue Disease.* Dermatology Grand Rounds, Ohio State University, Columbus, OH, February 3, 2006.

70. *Management of Autoimmune Bullous Disorders; Pemphigus and Pemphigoid as Paradigms.* Dermatology Grand Rounds, University of Cincinnati, July 13, 2006
71. *Dermal-Epidermal Junction.* Introduction to Cutaneous Biology Course, Indiana University, Indianapolis, IN November 10, 2006
72. *Treatment of bullous diseases.* Dermatology Grand Rounds, Wright State University, Dayton, OH November 17, 2006.
73. *Serologic Testing for Connective Tissue Disease.* Dermatology Grand Rounds, Wright State University, Dayton, OH November 17, 2006.
74. *Serologic Testing for Connective Tissue Disease.* Dermatology Grand Rounds, Boston University, Boston, MA, March 7, 2007.

#### **PRESENTATIONS AS NON-FIRST AUTHOR**

1. Burek CL, Asalos E, Rose NR, Mutasim DF, Labib RS, Patel HP, Anhalt GJ, Diaz LA: Rat-mouse hybridomas producing monoclonal antibodies reactive with a basal cell hemidesmosome antigen similar to human bullous pemphigoid autoantibodies. AFCR/ASCI/AAP Dermatology Session, Washington, DC, April, 1985.
2. Labib RS, Mutasim DF, Patel HP, Anhalt GS, Diaz LA: Partial purification and characterization of the major bullous pemphigoid (BP) antigens as intermediate filament associated proteins. Society for Investigative Dermatology Meeting, Washington, DC, April, 1985.
3. Roscoe JT, Mutasim DF, Labib RS, Patel H, Diaz LA, Anhalt GJ: Autoantibodies from a patient with herpes gestationis identify bullous pemphigoid antigens by immunoblotting. Society for Investigative Dermatology Meeting, Washington, DC, April, 1986.
4. Roscoe JT, Mutasim DF, Labib RS, Patel H, Diaz LA, Anhalt GJ: Autoantibodies from a patient with herpes gestationis identify bullous pemphigoid antigens by immunoblotting. Society for Investigative Dermatology, Regional Meeting, Baltimore, MD, 1985.
5. Anhalt GJ, Patel HP, Jampel H, Jabs DA, Labib RS, Diaz LA, Mutasim DF: Bullous pemphigoid autoantibodies react with corneal epithelial hemidesmosomes. Ocular Microbiol Immunol Group Meeting, San Francisco, CA, September 27, 1985.
6. Anhalt GJ, Chao I, Roscoe JT, Patel H, Labib RS, Mutasim D: Species specific binding of pemphigus antibodies - correlation of immunofluorescence with pathogenicity *in vivo* and *in vitro*. Society for Investigative Dermatology meeting, Washington, DC, April 1986.
7. Kim S, Mutasim DF, Morrison LH, Labib RS, Anhalt GJ: Herpes gestationis: immunoprecipitation and direct immuno-electron microscopy show specific immunologic similarities to bullous pemphigoid. Society for Investigative Dermatology meeting, Washington, DC, April, 1990.

8. Cooper C, Mutasim DF: Wells syndrome with multiple lesions in a patient with lymphoma. American Academy of Dermatology meeting, Dallas, TX, December, 1991.
9. Fivenson DP, Breneman DL, Cardone JS, Hersh C, Rosen G, Mutasim DF: Nicotinamide and tetracycline therapy of autoimmune bullous disorders. American Academy of Dermatology, 1991 Summer Session, Monterey, CA, June, 1991.
10. Cardone JC, Breneman DL, Mutasim DF, Fivenson DP: A randomized, open-label trial comparing the efficacy and safety of the combination of tetracycline and nicotinamide in the treatment of bullous pemphigoid. Ohio Dermatological Association, 1991 Annual Meeting, Dayton, Ohio, September, 1991.
11. Rosen GB, Fivenson DP, Breneman DL, Hersh CS, Cardone JS, Mutasim D: Nicotinamide and tetracycline treatment of autoimmune bullous disorders. 18th World Congress of Dermatology, New York, June 12-18, 1992.
12. Supapannachart N, Mutasim D: IgA-pemphigus: antigen distribution and role of antibodies. Ohio Dermatological Association, 1992 Annual Meeting, Columbus, Ohio, September, 1992.
13. Lushniak B, Mutasim D: Livedo reticularis and calciphylaxis in a patient with renal failure. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, San Francisco, California, 1992.
14. Nash B, Mutasim D: Osteosarcoma with cutaneous involvement in a patient with childhood dermatomyositis and extensive calcification. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, San Francisco, California, 1992.
15. Sarkisian N, Mutasim D: Porokeratosis of Mibelli: treatment with topical fluorouracil. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, San Francisco, California, 1992.
16. Calobrisi S, Mutasim D: Pyostomatitis vegetans responsive to fluocinonide gel. Gross and Microscopic Dermatology Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1993.
17. Nash B, Mutasim D: Mammary Pagets disease with subclinical extensive intraductal breast carcinoma. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1993.
18. Rindler J, Mutasim D: Cutaneous lupus erythematosus mimicking Darier's disease. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1993.
19. Cummings M, Mutasim D: Linear IgA bullous dermatosis with epidermolysis bullosa acquisita phenotype. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1993.

20. Breneman D, Breneman J, Dillow J, Swerdlow S, Ballman E, Steele P, Cualing H, Mutasim D, Barron D: Primary cutaneous CD30 positive large cell lymphoma. Poster exhibit, American Academy of Dermatology annual meeting, Washington, D.C., 1993.
21. Ploysangam T, Mutasim D: Follicular psoriasis. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
22. Vaughan A, Mutasim D: Two cases of IgA pemphigus masquerading as subcorneal pustular dermatosis. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
23. Fixler R, Pelc N, Mutasim D: Angiolymphoid hyperplasia with eosinophilia. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
24. Marx M, Mutasim D: An unusual case of lichen striatus. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
25. Tong P, Mutasim D: Disseminated blastomycosis with polymorphous skin lesions. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
26. Allyn D, Mutasim D: Reticular erythematous mucinosis syndrome. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
27. Calobrisi S, Mutasim D: Cesarean scar endometriosis. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
28. Dillow J, Mutasim D: Lichen planus in two siblings. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, New Orleans, Louisiana, 1995.
29. Mineroff A, Mutasim D: Nail changes in cutaneous lupus erythematosus. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1996.
30. Marx M, Mutasim D: Childhood bullous pemphigoid. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1996.
31. Vaughan A, Mutasim D: Multiple warty dyskeratomas in a patient with Darier's Disease. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1996.
32. Lamerson C, Mutasim D: A case of linear IgA disease limited to the oral mucosa. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1996.
33. Tong P, Mutasim D: Follicular varicella. Gross and Microscopic Symposium, American Academy of Dermatology annual meeting, Washington, D.C., 1996.
34. Clemens JR, Evans D, Mutasim DF, Willging JP: An unusual case of bullous pemphigoid. Society for Ear, Nose and Throat Advances in Children, 24th Annual Conference, Cincinnati, Ohio, December 5-8, 1996.

35. Geary R, Mutasim DF: Atypical sporotrichosis, successfully treated with itraconazole. American Academy of Dermatology, 55th annual meeting, San Francisco, California, March 21-26, 1997.
36. Sheth P, Sheth A, Cooper C, Mutasim DF: Primary cutaneous B-cell lymphoma in a child. American Academy of Dermatology, 55th annual meeting, San Francisco, California, March 21-26, 1997.
37. Meiri A, Mutasim DF: Acral neutrophilic eccrine hydradenitis in an HIV+ patient receiving chemotherapy. American Academy of Dermatology, 55th annual meeting, San Francisco, California, March 21-26, 1997.
38. Lamerson C, Arnold L, Dwight M, Morris E, Sax K, Mutasim DF: Psychocutaneous disorders and their associated psychiatric characteristics. Poster Presentation American Academy of Dermatology, 55th annual meeting, San Francisco, California, March, 1997.
39. Meiri GJ, Mutasim DF: Bazex syndrome mimicking a primary autoimmune bullous disorder. Gross and Microscopic Symposium, American Academy of Dermatology, 56th annual meeting, Orlando, Florida, February 27, 1998.
40. Adamick C, Mutasim DF: A case of vancomycin-induced linear IgA bullous dermatosis. Gross and Microscopic Symposium, American Academy of Dermatology, 56th annual meeting, Orlando, Florida, February 27, 1998.
41. Bridges AG, Mutasim DF: Acquired zinc deficiency in a patient with anorexia nervosa and bulimia. Gross and Microscopic Symposium, American Academy of Dermatology, 56th annual meeting, Orlando, Florida, February 28, 1998.
42. Adams BB, Mutasim DF: Dermatobia hominis myiasis. Gross and Microscopic Symposium, American Academy of Dermatology, 56th annual meeting, Orlando, Florida, February 28, 1998.
43. Geary RJ, Mutasim DF: A case of bowel bypass syndrome without bowel bypass. Gross and Microscopic Symposium, American Academy of Dermatology, 56th annual meeting, Orlando, Florida, February 28, 1998.
44. Bridges AG, Haney G, Mutasim DF, Lucky A: Milia en plaque of the eyelids in a child: Case report and review of the literature. Poster Presentation, American Academy of Dermatology, 56th annual meeting, Orlando, Florida, February 26 - March 3, 1998.
45. Breneman DL, Mutasim DF, Storer T, Breneman JC: Methotrexate-induced cutaneous ulceration in patients with mycosis fungoides. Poster Presentation, American Academy of Dermatology, 56th annual meeting, Orlando, Florida, February 26 - March 3, 1998.
46. Adams BB & Mutasim DF: Coal tar and its relationship to perioral comedones: A cross-sectional study. Poster Presentation, American Academy of Dermatology, 58<sup>th</sup> annual meeting, San Francisco, CA, March 10-15, 2000.
47. Breneman D, Brittan K, Van Horn J, Mutasim DF: Progression of cutaneous B-cell pseudolymphoma to cutaneous B-cell lymphoma. Poster Presentation, American Academy of Dermatology, 59<sup>th</sup> annual meeting, San Francisco, CA, March 10-15, 2000.

48. Baumbach J & Mutasim DF: A case of autoimmune progesterone and estrogen dermatitis. Gross and Microscopic Symposium #301, American Academy of Dermatology, 58<sup>th</sup> annual meeting, San Francisco, California, March 10, 2000.
49. Colvin J and Mutasim DF: Pemphigoid nodularis: An unusual variant of bullous pemphigoid. Gross and Microscopic Symposium #301, American Academy of Dermatology 58<sup>th</sup> annual meeting, San Francisco, California, March 10, 2000.
50. Alvares CJ, Hendrix H, Collier J, Mutasim DF, Cualing HD: CD1a – A useful immunohistochemical marker in diagnosis of early lesions of Mycosis Fungoides. United States and Canadian Academy of Pathology, New Orleans, LA, March 25-31, 2000.
51. Bridges AG & Mutasim DF: Malignant Melanoma Arising in Association with Squamous Cell Carcinoma. American Society of Dermatopathology 37<sup>th</sup> Annual Meeting, Baltimore, Maryland, October 19-22, 2000.
52. Bridges AG, Breneman D, Mutasim DF, Gibson LE: Primary Cutaneous Natural Killer Cell Lymphoma Compared to Natural Killer-like T-Cell Lymphoma Presenting with Massive Cutaneous Involvement. American Society of Dermatopathology 37<sup>th</sup> Annual Meeting, Baltimore, Maryland, October 19-22, 2000.
53. Baumbach J & Mutasim DF: A Case of Bullous SLE with Milia Formation. Gross and Microscopic Symposium, American Academy of Dermatology 59<sup>th</sup> annual meeting, Washington, DC, March 2, 2001.
54. Fein H, Adams BB & Mutasim DF: Cutaneous Myelodysplastic Syndrome: Preleukemia Cutis. Gross and Microscopic Symposium, American Academy of Dermatology 59<sup>th</sup> annual meeting, Washington, DC, March 2, 2001.
55. Huang C & Mutasim DF: Cutaneous Sarcoidosis Mimicking Lipodermatosclerosis. Symposium 301. American Academy of Dermatology, February 2002, New Orleans, LA.
56. Tran J & Mutasim DF: A case of Localized Bullous Pemphigoid Mimicking Stasis Dermatitis. Symposium 301. American Academy of Dermatology, February 2002, New Orleans, LA.
57. Lukin A & Mutasim DF: Delayed Diagnosis of Pemphigus Foliaceus. Symposium 301. American Academy of Dermatology, February 2002, New Orleans, LA.
58. Fein H & Mutasim DF: Pseudolymphoma Mimicking Mycosis Fungoides Secondary to Contact with Automatic Transmission Fluid. Symposium 301. American Academy of Dermatology, February 2002, New Orleans, LA.
59. Fulchiero GJ, Eng MS, Mutasim DF & Joyce JJ: A Case of the Metabolic Syndrome Presenting with Eruptive Xanthomas. Poster Presentation. American Academy of Dermatology, July-August 2002, New York, NY.
60. Bridges AG & Mutasim DF: Malignant Melanoma Coexisting in Association with Squamous Cell Carcinoma. Free Communication FC1-6. 11<sup>th</sup> Congress of the European Academy of Dermatology & Venereology, October 3, 2002, Prague, Czech Republic.

61. Zalla MJ & Mutasim DF: Benign Fibrous Histiocytoma (Dermatofibroma) of the Face: Treatment with Mohs Micrographic Surgery. Combined Meeting of the American Society for Dermatologic Surgery and the American College of Mohs Micrographic Surgery and Cutaneous Oncology, October 31 through November 3, 2002, Chicago, IL.
62. Saad AG, Patel S & Mutasim DF: Atypical Melanocytic Nevi of the Auricular Region: Histologic Characteristics and Diagnostic Difficulties. Platform Presentation. Annual Meeting of the United States and Canadian Academy of Pathology (USCAP), March 22-28, 2003, Washington, DC.
63. Sluzevich J & Mutasim, DF: A Case of Type II Linear IgA Disease in the Setting of Vancomycin and Cotrimoxazole Exposure. Symposium 301. American Academy of Dermatology, March 21, 2003, San Francisco, CA.
64. Twersky, JM & Mutasim, DF: A Fatal Case of CTCL Initially Mimicking Reticular Erythematous Mucinosi s (REM). Symposium 301. American Academy of Dermatology, March 21, 2003, San Francisco, CA.
65. Fueston, J & Mutasim, DF: Estrogen Dermatitis. Symposium 301. American Academy of Dermatology, March 21, 2003, San Francisco, CA.
66. Fein H, Maytin EV, Mutasim DF, Bailin PL. Topical Protease Application as a Novel Method of Epidermal Ablation: A Preliminary Report. 2003 American Society for Dermatologic Surgery – American College of Mohs Micrographic Surgery and Cutaneous Oncology Combined Annual Meeting, October 10, 2003, New Orleans, LA.
67. Saad AG, Patel S, & Mutasim DF. Melanocytic Nevi of the Auricular Region: Histologic Characteristics and Diagnostic Difficulties. Presented in part at the Ninety-second Annual Meeting of the United States and Canadian Academy of Pathology (USCAP), Washington DC, March 22-28, 2003.

## COMMUNITY SERVICE

### Interviews

1. *Skin Cancer, AKs and Skin Cancer Screenings*. Interviewed by Gretchen MacKnight of Channel 9, WCPO-TV in Cincinnati, 8/5/03.
2. *Psychogenic Excoriation*. Interviewed for March 2004 issue of *Self Magazine*.
3. *Bug Bites, Itching and Scratching*. Interviewed for WNKU Radio in Alexandria, KY, 7/12/04.
4. *Bug Bites, Itching and Scratching*. Interviewed for WMUB Radio in Oxford, OH, 7/14/04.
5. *Winter Skin Care*. Interviewed for Cin Weekly (a publication of the Cincinnati Enquirer), 12/04.
6. *Ethics Gets Emphasis in Some Training Programs*. Interviewed for the December 2006 issue of *Skin and Allergy News*
7. *Hamilton City Council backs off of tanning ban*. Interviewed for the October 12, 2006 issue of Journal News, Dayton, OH
8. *Safe Skin. Is it Cancer or Just a Mole?*. Interviewed for Cin Weekly (a publication of the Cincinnati Enquirer), Volume 4, Issue 24, April 4-10, 2007.

## **AUDIOTAPED LECTURES**

Mutasim, D. F. Serologic Testing for Connective Tissue. *Dialogues in Dermatology*, Volume 53, Number 3, December 2003.

## **VISITING PROFESSORSHIP**

1. Lecture on connective tissue disease serology. Wright State University Department of Dermatology. February 9, 1993.

## **FUNDING SUPPORT**

1. Private practice at University Dermatology Consultants, Inc. (2 clinics/week)
2. Dermatopathology and Clinical Immunodermatology Laboratory
3. Partial (1/8th FTE) support from Veterans Administration Hospital, Cincinnati, Ohio

## **TEACHING RESPONSIBILITIES (45%)**

1. **Resident Teaching (40%)**
  - a) Didactic lectures in departmental Grand Rounds and Basic Science Conferences (2-3/year)
  - b) Weekly seminar on clinical dermatology (kodachrome sessions and discussions)
  - c) Outpatient resident clinic staffing (one clinic weekly) (ended November 1998)
  - d) Private practice (2 clinics weekly) - one resident
  - e) Inpatients and in-hospital consultations (one month out of every five months)
  - f) Directing departmental Grand Rounds and other conferences
  - g) Coauthoring manuscripts and national presentations with the residents
  - h) Immunopathology sessions with the residents on pathology rotation
  - i) Resident research elective - laboratory projects related to immunodermatology
  - j) Biweekly, dermatopathology unknown slide conference and dermatopathology conferences
  - k) Monthly rotation on dermatopathology by dermatology residents
  - l) Pathology resident elective (one month) in dermatopathology
  - m) National and international resident elective in dermatopathology (1-3/year)
2. **Medical Student Teaching (5%)**
  - a) Sophomore student pathology course - 2 lectures and 2 lab sessions on skin pathology yearly.
  - b) Senior student dermatology elective - 2 lectures monthly (on bullous diseases and hypersensitivity reactions) plus clinical supervision. (ended November 1998)
  - c) Student research elective (three students 6/91 - 6/92)
3. **Community:** Lectures to community physicians on selected topics related to immunodermatology.

## **ADMINISTRATIVE DUTIES (25%)**

1. Committees (see under committees)
2. Residency program director, 1991 - present
3. Director of dermatopathology and immunodermatology
4. President, University Dermatology Consultants, Inc.

5. Chairman, Department of Dermatology

**CLINICAL DUTIES** (25%): Private practice, 2 clinics per week.

**RESEARCH** (5%)

**JOURNAL REVIEW**

1. Editorial Board

- Journal of American Academy of Dermatology
- Skin and Aging

2. Reviewer for Several Journals including:

- American Journal of Clinical Dermatology
- Archives of Dermatology
- Clinical and Experimental Dermatology
- Expert Opinion on Investigational Drugs
- Indian Journal of Dermatology, Venereology and Leprology
- International Journal of Dermatology
- Journal of American Academy of Dermatology
- Journal of Cutaneous Pathology
- Journal of Clinical Pathology
- Journal of The European Academy of Dermatology and Venereology
- Journal of Family Practice
- Journal of Investigative Dermatology
- Lancet
- Maturitas
- Medical Science Monitor
- Pediatric Dermatology

**STUDENT/RESIDENT PROJECT SUPERVISION AND ELECTIVES**

(Note: List is not complete)

1. Vanessa Albermaz (medical student): Identification of intracellular matrix components in culture melanocytes (June/July, 1991).
2. Amy Vaughan (senior medical student): Identification of anti-basement membrane zone antibodies by immunoblotting and immuno-electron microscopy in the sera of bullous pemphigoid patients that are negative by standard of indirect immunofluorescence.
3. Nantapat Supapannachart, M.D. (Dermatology resident): Characterization of the IgA pemphigus antigen by immunofluorescence and immunoblotting.
4. Pranav Sheth (senior medical student): Histopathologic study of adnexal changes in skin biopsies from patients with subepidermal bullous diseases.
5. Sam Michaels, M.D.(pathology resident): One month elective in dermatopathology (12/95).
6. Maurice Bachawati, M.D.: One month elective in dermatopathology (12/96).
7. Dorothy Dean, M.D. (pathology resident): One month elective in dermatopathology (12/96).
8. Guangsheng Wang, M.D.: One month elective in dermatopathology (5/97).
9. Bonnie Kemp, M.D.: One month elective in dermatopathology (7/15-8/15/2000)
10. Lana Hawayek, M.D.: One month elective in dermatopathology (12/2000)

## **MEETINGS**

### Regular Attendance of:

- Departmental Grand Rounds
- Cincinnati Dermatologic Society Meetings
- American Academy of Dermatology Meetings
- American Society of Dermatopathology Meetings
- Association of Professors of Dermatology

### Occasional Attendance of

- Ohio Dermatologic Society Meetings
- Society for Investigative Dermatology Meetings

(Revised: March, 2007)
