Collins and Verna to Serve on RSNA Appointments

Dr. Jannette Collins, Chair of Radiology, was recently appointed to the RSNA Education Council, which is for child-program activities. Dr. Sadhana Verna was appointed to a newly-created RSNA Advisory Panel, which will superintend creation of editorial and new materials to help radiology. EERB AMS- MSc. in Certification requirements.

Jerome F. Wiot, MD

Dr. Jerome F. Wiot, MD, MD, FACR, CCC, formerly Practicing Radiologist of Radiology was recently appointed to the International Energy Agency’s (IAEA) Expert Panel established in 2004. The AAA is the world’s center of cooperation in the nuclear field. The IAEA is a member of a team of 2200 multidisciplinary professionals and support staff from more than 90 countries, most of whom work at Agency headquarters in Vienna, Austria. The AAA Expert Panel reviews information made available to health professionals and patients regarding potential radiation dose and damage to health. The primary venue for dissemination of this information is through a public website dedicated to the radiation protection of patients, pop. groups. Dr. Wiot will serve a two-year term on this panel.

Collins Named to International Panel

Dr. Jannette Collins, MD, MEd, FACR, FACP, FCR, is chief of the Department of Radiology and Professor of Radiology, FCCP, FACR, Ben Felson Chair Dr. Jannette Collins, MD, MEd, is an internationally recognized expert in breast imaging, serving as IASO’s Imaging Matters Editor and Chair of Imaging for the Society of North America’s 96th Annual Meeting, held in Philadelphia. UC Radiology was well represented at the Radiological Society of North America’s 96th Annual Meeting, held in Chicago. Dr. Sadhana Verma, who is chair of the department, and maintained regular office hours for the first time.

Dr. Wiot was a research fellow at the Walter H. High School and UC College of Medicine alumni, completing his internship and radiology residency at what was then called Cincinnati General Hospital. After completing a fellowship in nuclear medicine, he returned to Cincinnati to take on a series of roles within Cincinnati General Hospital and, the Cincinnati VMC Medical Center. Dr. Wiot helped establish the system’s radiation oncology service and continued on a survey conducted with the Cincinnati Academy of Medicine in which their medical colleagues who they would recommend for a friend or family member. Based on this survey, Dr. Wiot’s name was included in the “Cincy Business Magazine’s Top Doctors 2011” in January. Based on the survey conducted with the Cincinnati Academy of Medicine in which their medical colleagues who they would recommend for a friend or family member. Based on this survey, Dr. Wiot’s name was included in the “Cincy Business Magazine’s Top Doctors 2011” in January. Based on the survey conducted with the Cincinnati Academy of Medicine in which their medical colleagues who they would recommend for a friend or family member. Based on this survey, Dr. Wiot’s name was included in the “Cincy Business Magazine’s Top Doctors 2011” in January.

We Have ‘Best Doctors’

Gray Anatomy published in an annual ‘Best Doctors in America’ in the Biomedical and Molecular Imaging-2011. Top Doctors in America’s 2011 list includes six specialists in radiology, all of whom are affiliated with UC.

From the Chair

In this issue, it is my pleasure to announce the results of the 2011 Best Doctors in America survey, and Cincinnati Magazine’s “Top Doctors” annual feature. UC Radiology was well represented in both. I am also happy to recognize University Hospital’s on-faculty awards which were nearly matched by our December feature.

Snittra K. Than Pame, MD
Collins and Verna to Serve on RSNA Appointments

Dr. Jannette Collins, Chair of Radiology, was appointed to a three-year term on the RSNA Education Council, which is responsible for planning, overseeing, and managing the RSNA curriculum. Dr. Verna was appointed to a newly-constituted RSNA Advocacy Advisory Panel, which will advise the ACR on advocacy efforts.

Collins Named to International Imaging Agency’s Expert Panel

Dr. Jannette Collins, MD, MBA, FASCRS, FERc, Chair and Professor of Radiology, was recently appointed to the International Atomic Energy Agency’s (IAEA) Expert Panel established in 1957 within the United Nations family, the IAEA is the world’s center of cooperation in the field of nuclear science and technology. The IAEA has the world’s center of cooperation in the nuclear field. The IAEA is a specialized agency of the United Nations. The IAEA’s mission is to promote the peaceful uses of nuclear energy and to help response to the nuclear non-proliferation regime.

Dr. Collins will serve a two-year term on this panel.

Jerome F. Wiot, MD

Dr. Jerome F. Wiot, Chair of the Department of Radiology, died unexpectedly on December 15, 2010. He had returned active in the department and maintained regular office hours until his death.

Dr. Wiot was a graduate of the University of Wisconsin Medical School, completing his internship and radiology residency at what was then called Cincinnati General Hospital. After completing a fellowship in diagnostic radiology at the University of California, San Francisco, he returned to Cincinnati to take on a series of leadership positions at Cincinnati General Hospital, the Cincinnati VA Medical Center, and the Cincinnati VA Medical Center.

Dr. Wiot helped develop the systems of delivering care that are so important today for our patients, and he served as our Director of Radiology for many, many years.

Dr. Wiot became University Hospital Director of Radiology in 1973, remaining in both positions until 1992. Under his guidance, the department grew from more than 90 countries, and many of whom are affiliated with UC Cincinnati. Dr. Wiot helped to develop the systems of delivering care that are so important today for our patients, and he served as our Director of Radiology for many years.

Dr. Wiot was appointed to a three-year term on the RSNA Education Council, which is responsible for planning, overseeing, and managing the RSNA curriculum. Dr. Verna was appointed to a newly-constituted RSNA Advocacy Advisory Panel, which will advise the ACR on advocacy efforts.

In the June 2011 issue of Diagnostic Imaging: Head and Neck Imaging, Dr. Rebecca Cornelius, Dr. Matt Hawkins, Dr. Mary Mahoney, and Dr. Nancy Liber Co-Authors Book

The BREAST IMAGING CENTER organized a team to walk in the 2010 Susan G. Komen Race for the Cure. The team was comprised of breast imaging technologists, nurses, nurse practitioners, physicians, and administration staff members. The team was able to log on to the Komen website to pledge donations in their support. Five staffers were invaluable and greatly appreciated.

Donnelly Resigns for New Role in Florida

Dr. Lane Donnelly resigned as Director and Radiologist-in-Chief of the Breast Imaging Center (BIC) on March 1 in order to accept a new position as Chief of Breast Imaging and Hematologic Malignancy at the University of Florida in Gainesville, Florida. Donnelly has been part of the BIC team for 3 years, having previously served as BIC Manager. Lane’s role at the BIC has been to serve as an academic content provider, and to provide leadership for the team.

Residents Host State Forum

Residents Matt Hawkins and Josh Nepute organized the first state Residents Forum for our section this year. The forum was held at the Cincinnati Museum Center over the weekend of March 19th and 20th. The meeting was very productive and successful. Matt Hawkins, MD

New Appointments for Cornelius

Dr. Rebecca Cornelius was appointed the ACR representative to the AGA Physician Perinatal Conferences for the American College of Obstetricians and Gynecologists (ACOG), a joint conference of the ACOG and the Society for Maternal-Fetal Medicine (SMFM). Dr. Cornelius is the first African-American woman in the United States to serve on this prestigious panel.

Chiefs Resigned from the Ohio State Medical Association’s (OSMA) Leadership Council

Division title. Dr. Su-Ju Lee had her first American beer. Dr. Lee explained that she tried beer many years ago in Taiwan and did not like it, “but I was having such a good time at the game, I thought I would try again.” Dr. Lee reports that she is a real baseball fan. She was able to view the game from the Riverboat Deck, enjoy some good refreshments, and saw the Cincinnati Reds beat the Florida Marlins. Members of the department had a great time and are looking forward to our next adventure! Dr. Lee also shared that she is planning to attend the Game 2 Home Opener on April 4th.

FICA Litigation Update

There is a potential settle in the United States of America Radiology Institute (USA Radiology), the largest radiology group in the United States with over 200 radiologists, in large part due to Steve’s dedication to each step of the renovation project. Steve has been the project manager for the past 3 years. The new chief residents assumed their roles February 1.

The Breast Imaging Center/growth at Reds Game

The Department also thanks Drs. Roy Dean, Bev Ford, and Brian Finlay for their hard work and dedication during the past year. Their contributions to the educational mission of the program were invaluable and greatly appreciated.

Radiotherapy Cited for Service Excellence Awards

On February 8, 2011, UC Health University Hospital awarded individuals and units for their achievements in enhancing the patient experience. Each year several groups receive recognition for their hard work and dedication.

The BIC Chicks and their supporters (Diagnostic Imaging Center personal and family members)
Nancy recently raised $1.1 million by participating in the Race for the Cure in Cincinnati. She also swelled with “The Chicks” on September 24, 2010. Overall, Race for the Cure in Cincinnati had 18,000 participants and raised $1.1 million. The BIC Chicks will be back at this year’s race, on October 23, 2011.

Donnelly Resigns for New Role in Florida

UC Radiology is pleased to announce that Drs. Matt Hawkins, Susan Mahoney, and Carlo Gollamudi have been appointed to become Directors of Radiology at two different medical centers. Hawkins will serve as Director at the Florida Campus of the Nemours Foundation in Jacksonville, Florida. Mahoney will serve as Director and Radiologist-in-Chief for Children’s Hospital of Orange County (CHOC) in Orange, California. Gollamudi will work at the newly constructed Children’s Hospital in Orlando, Florida. Hawkins and Mahoney will leave their positions at the end of the first quarter of 2011, with the announcement of FICA refunds.
Nancy Lane Donnelly, MD

In 2009, Nancy Lane Donnelly, MD, co-founded the Breast Imaging Center (BIC) at the University of Cincinnati Medical Center, which focuses on providing high-quality breast care. The BIC has since become a recognized leader in breast imaging and is praised for its compassionate care and advanced imaging technologies. Donnelly has been influential in the development of the center and has played a key role in the growth of breast imaging services at the University of Cincinnati Medical Center.

Donnelly has a long history of excellence in academic radiology, having served as the Chair of the University of Cincinnati Radiology Department from 2000 to 2009. During her tenure, she helped to establish the BIC and grow the department’s breast imaging program. Donnelly’s dedication to breast cancer research and patient care has earned her numerous awards and accolades, including the prestigious H. Jackson Brown Jr. Award from the Radiological Society of North America in 2009.

Outside of her work at the University of Cincinnati, Donnelly is also active in national and international organizations, including the American College of Radiology and the Society for Imaging Informatics in Medicine. She is a member of numerous other professional societies and has served on the editorial boards of several radiology journals. Donnelly’s contributions to the field of breast imaging have had a significant impact on the lives of patients and on the future of breast cancer research and treatment.

Donnelly has received numerous awards and honors for her contributions to the field of radiology, including the Distinguished Service Award from the American College of Radiology in 2009. She has also been recognized by the Society for Imaging Informatics in Medicine, the American Roentgen Ray Society, and the Radiological Society of North America.

Donnelly’s expertise in breast imaging and her commitment to patient care have made her a leader in the field. Her contributions to the University of Cincinnati and to the broader radiology community have been invaluable and greatly appreciated.
Collins Named to International Panel

UC Radiology was recently appointed to the International Panel for the upcoming RSNA (Radiological Society of North America) Meeting 2011 within the United States. The RSNA Meeting 2011 is the year’s most important event for radiology in the United States. The IAEA Expert Panel, consisting of most of whom work at Agency headquarters and in offices worldwide, will meet in Chicago November 28-December 3.

UC Radiology was well represented at the Radiological Society of North America Meeting 2011...
