University of Cincinnati College of Medicine Office of Research
News for the week of February 11, 2019

UC Gardner Neuroscience Institute/Neurobiology Research Center Research Day.
The UC Gardner Neuroscience Institute/Neurobiology Research Center Research Day will be April 16, 2019 at 8:30AM to be held in the CARE/Crawley building. The UCGNI/NRC Research Day is an opportunity to present your research to the rest of the neuroscience community here at the University of Cincinnati. The day includes poster presentations, a guest speaker and an awards ceremony for the top abstracts by level of training. First and second place for each level of training is $200 and $100 respectively. Mid-career and senior faculty are also encouraged to submit abstracts. Abstracts and questions can be sent to daniel.woo@uc.edu.

Clinical Research Operations Committee.
The UC Health Office of Clinical Research recently launched the Clinical Research Operations Committee. The purpose of this committee is to support research through the evaluation, initiation and/or change of new or current research community practices. The committee will work collaboratively to assist in initiating positive change through communication, teamwork and application of best practice. If you have any questions, topics you would like evaluated or issues to report please email the committee at: ResearchOpsComm@UCHealth.com. If you have any additional operations questions please contact Zak at: Zachary.Johnson@UCHealth.com.

Center for Biological Microscopy.
The Center for Biological Microscopy Core now offers services and access to the new Nikon N-SIM super resolution microscopy system. Capabilities and introductory training will be offered on February 25, 2019 at 11AM in Vontz 2118. Contact JJ Diao for more details (jiajie.diao@uc.edu).

Grant Submissions – Five Day Rule.
COM operating procedures require submission of all grant documents to the Accounting and Finance Pre-Award team no later than five working days prior to the sponsor due date. COM Pre-Award staff are designated as Authorized Organization Representatives on behalf of UC and require sufficient time to review all application materials in order to prevent grant submission failures. Any exception to the five day rule must be obtained in writing from the Senior Associate Deans for Research.

Content to submit? Click here: https://redcap.research.cchmc.org/surveys/?s=3CX994Y34W

RESEARCH - Updates to policy changes, pre and post grant information, internal opportunities from the Office of Research, landmark publications, opportunities for collaborations on multi-disciplinary grants, and other information not under purview of other electronic publications. This is not for advertising seminars, speakers, etc.
CORES - Notifications of new technologies in existing Cores, establishment of new Cores and instrumentation, calls for collaboration on instrumentation grants, information about Core offerings, and highlights of research facilitated by Core.
EDUCATION - Trainees successes/achievements and innovations and improvements in education facilities and resources related to research.
CULTURE - Activities or opportunities that reward, recognize, inspire collaboration, and support our research faculty, trainees, students, and staff.
