Content List

- Study of the Month
- Upcoming Events
- UC Health Announcement: Additional doses of COVID-19 Vaccine Now Available for Phase 1a3 Eligible Employees & Phase 1a2 Physicians/APPs
- OCR Team Announcements
- UC Limited Services Engagement (LSE) Form New Process
- CPR Training/Recertification Opportunities
- Research Encounter Form (REF) Reminder
- Resources For Our Research Community

[Study of the Month:](#)

Memory Problems?

Memory and Metabolism Study

What

The purpose of this nutritional research study is to evaluate the effectiveness of berry fruits in preventing cognitive decline and improving insulin resistance.

Who

Overweight men and women 50 to 65 years old without diabetes who are aware of mild memory decline such as forgetfulness or short-term memory difficulty.

Pay

Compensation may be available for time and travel for each completed study visit.

Details

For more information, contact Marcelle Shidler at shidlem@ucmail.uc.edu or call (513) 558-2455.

41-15 IRB # 2015-1256

Upcoming Events:

Lunch & Learn: 1/21/2020

12:00-1:00 pm

Virtual Meeting

UC Conflict of Interest: COI Overview, FAQs, and Updates

Clinical Research

Education Committee Meeting: 1/21/2020

3:00-4:00 pm

Virtual Meeting

Clinical Research

Managers Meeting: 1/22/2020

9:30-10:30 am

Virtual Meeting

UC Health Announcement: Additional doses of COVID-19 Vaccine Now Available for Phase 1a3 Eligible Employees & Phase 1a2 Physicians/APPs:

UC Health has received 750 additional Moderna vaccine doses and open appointment slots have been added to the schedule.

[Click here for additional details on how eligible employees can receive the vaccine](#)

OCR Team Announcements:

Justin Osborne, Senior Director of the Office of Clinical Research, accepted a position outside of UC Health and his last day was Tuesday, December 22, 2020. We are grateful for Justin's contributions and leadership during his time at UC Health and wish him well in his new position. Please join us in congratulating Maria Stivers, who has accepted the position of Senior Director of the Office of Clinical Research!

Tarrah Gaither, Clinical Research Contracts Administrator, accepted an opportunity outside of UC Health and her last day was Thursday, December 10, 2020. We wish Tarrah well in her new endeavors.

The OCR thanks you, the research community in advance for your patience and understanding while we conduct our job search for a [Contracts Administrator](#) to work with Ashley Kirkpatrick and Dyan Perry, and a [Clinical Research Manager](#) to work with our team. Please share these job postings if you know of any interested parties or reach out to Maria Stivers at Maria.Stivers@uchealth.com for more information.

UC Limited Services Engagement (LSE) Form New Process:

Research participants in federally funded studies not utilizing the UC-Greenphire system must complete a Limited Services Engagement form (LSE). The LSE must accompany the W-9 and Subject Reimbursement request form, for these studies only. If you have any questions on this new process, please contact Evelyn Baker at Evelyn.Baker@uc.edu.

CPR Training/Recertification Opportunities:

Are you interested or wish CPR training/recertification? If so, please reach out to the Resuscitation Quality Improvement (RQI) Team at RQI-UCHealth@UCHealth.com to sign up and ask questions.

Research Encounter Form (REF) Reminder:

It is imperative that Research Encounter Forms (REF) are sent in on time with correct information (name, MRN, date of service, etc.) on the form. Please verify the information on the REF before e-mailing as errors will lead to patient / insurance getting billed for research services.

If a study patient receives a bill from UC Health and identified as a late REF, it will be the responsibility of the coordinator to contact the participant to explain this matter. Please reach out to Research-Finance@UCHealth.com with any questions or concerns.

Resources For Our Research Community:

UC Health: Healthcare Worker's Booklet for the COVID-19 Vaccine

The UC Health [Healthcare Worker's Booklet for the COVID-19 Vaccine](#) has been updated with the following information:

- Updated "COVID-19 Vaccine and Certain Health Conditions" section to include a link to information about vaccinating individuals who are pregnant or may become pregnant. (Page 4).
- Updated information about how to sign up to receive the vaccine (Page 1).

Delight Health Services: In-Home Support for Your Clinical Trials

[Delight Health Services](#) can provide your study with in-home clinical trial services.

CCTST Online Educational Library, CTRonline

[CTRonline](#) offers an array of clinical and translational research training modules and event recordings. All videos are free and open to any learner looking for a brief introduction to (or a refresher on) specific research topics.

ResearchMatch Online Training Thursday, January 14, 2021 2:00-3:00 PM

ResearchMatch offers free, online training for anyone in the research community interested in learning how to use ResearchMatch as a recruitment tool. This training will teach you how to get started and will share tips for ensuring that your experience with ResearchMatch is successful, including defining your demographics and key terms.

Register here: [ResearchMatch Researcher Training](#).
