UC Deadline for First COVID-19 Vaccination
Dose is October 15:

Please note: Anyone with a UCH badge and/or dually comped employees must also upload documentation into UCH ReadySet.

Proof of vaccination can be submitted using the web-based version of COVID Check app. If you need any help submitting your proof of vaccination via the COVID Check app, check out these resources, including a step-by-step guide and FAQs.
UC Health Annual Flu Campaign Deadline is November 19:

The flu vaccine is a mandatory requirement and of utmost importance this year with the continued challenge of COVID-19. UC Health Employee Health will be providing the flu vaccine, free of charge, to our employees and affiliates but also willingly accept documentation of the vaccine received elsewhere.

Submit vaccination proof via ReadySet. If you need any help submitting your proof of vaccination via ReadySet, check out these resources, including a step-by-step guide and new tutorial videos for using your desktop or mobile device.

For more information, please contact UCH Employee Health and Wellness.

Reminder: Please Submit Finalized Budgets:

If you are negotiating your own budgets, please send the final budget to the OCR budgets team, so they can upload it to Kuali. This is the last step to getting your budget finalized in the system. Please contact Heather Roberson & Macy Michael (Macy.Michael@uchealth.com) with any questions or concerns.

OCR Move to UC Update: ICF Language reviews:

Informed consent language reviews will be conducted by the UC IRB for industry sponsored CTAs initiated under UC and processed by the contracts specialists through the UC SRS Office.

The OCR will continue to review edits to the HIPAA language. The OCR will continue to review all ICF language for consistency with the CTAs initiated under UC Health until they have all been processed.

Please reach out to the OCR with any questions or concerns.
**Kuali Investigator Certification Form:**

If you are new to Kuali, or have not received a federal award, please see the link to familiarize yourself with the [Kuali Investigator Certification Form](#). The PI will need to respond to these certification questions to enable the process to continue. Please be aware that this questionnaire is required to proceed with an executed agreement. Contact the [Kuali Helpdesk](#) with questions.

---

**Promote Your Clinical Trials with the High Enroll Mobile App:**

Have you ever wanted to share information about a study with a colleague? Would it be helpful for all the clinicians to have information about your clinical trials available at their fingertips? Have you ever wanted to discuss research participation with a patient, but didn’t have the necessary study information to do so? Have you identified a potential research patient who might qualify for a study, but you couldn’t easily contact the right research coordinator? High Enroll, a mobile app, is available to solve recruitment problems such as these. This tool allows your entire recruiting portfolio of studies to always be updated and available on the phone of everyone who is involved in patient care. A summary, inclusion and exclusion criteria, other pertinent study information, and a “one-touch” contact button for the primary research coordinator is available for each study loaded onto the platform.

The app is available for any healthcare provider to download by scanning the QR code below or by searching High Enroll, LLC on the App Store or Google Play.

For more information on how to get your studies on the app, please reach out to Ginger Conway at 859-992-5339 or gaconway@highenroll.org.
Reminder:
New CDA Process:

All new CDAs should be sent to Geoffrey Pinski’s team at UC-MTA@ucmail.uc.edu. All submitted CDAs will require either a completed A910c or the following minimal information in the email request:

1. UC Principal investigator
2. Name of company (if we are being asked to draft the agreement – the company’s address or a place to get their address)
3. Topic of discussion/technology
4. Contact at the company to send any requests related to the agreement
5. Any other people that should be copied on the conversation

For more information, please contact UC-MTA@ucmail.uc.edu.

Resources For Our Research Community:

OCR SharePoint Site

The Office of Clinical Research now has an active SharePoint site. The goal of this site is to serve as a centralized resource for research professionals to access helpful information that can support your research studies.

Please keep in mind that this SharePoint site is hosted on the UC Health network. If you are using a web browser that is logged into a University of Cincinnati or Children’s Hospital Office 365 account, when you click this link, you will get an error message. To prevent this, you will either need to log out of Office 365 and click the link again to log in with your UC Health credentials, or you will need to use a different web browser, copy and paste the link, and log in with your UC Health credentials in order to access this SharePoint site.

Your UC Health log in credentials is comprised of your user ID number followed by @uchealth.com (ex: uid#####@uchealth.com).

It is suggested that you bookmark this link in the browser of your choice so that you can remain signed in with your UC Health credentials and you can come back and reference this site at any time.

Click here to visit the OCR SharePoint site.

Access and Authorizations:
Updated Appendix A
Click here for an updated Appendix A for the Access and Authorizations process. Appendix B and Appendix D remain the same. The process continues to be the same, but all researchers, volunteer or paid, should use the newly updated Appendix A. Please reach out to Research-Credential@uchealth.com with any questions.

**GreenPhire ClinCard Training Video**

Greenphire has developed a ClinCard Training Video for new users. The video link will be added to the REDCap request form as well as the OCR SharePoint site. We hope this video will be helpful when onboarding new users and serve as a valuable resource for current users. If you have any questions, please contact UCH-Greenphire@uchealth.com.

**CCTST Online Educational Library, CTRonline**

CTRonline offers an array of clinical and translational research training modules and event recordings. All videos are free and open to any learner looking for a brief introduction to (or a refresher on) specific research topics.

**ResearchMatch Online Training**

**Thursday, October 14, 2021**

**2:00-3:00 PM**

ResearchMatch offers free, online training for anyone in the research community interested in learning how to use ResearchMatch as a recruitment tool. This training will teach you how to get started and will share tips for ensuring that your experience with ResearchMatch is successful, including defining your demographics and key terms.

Register here: ResearchMatch Researcher Training.

**Join the Mailing List:**

We have moved our mailing list to an electronic system. New staff or faculty that wish to join the mailing list can now click the button here or on the OCR website to join.

If you received this newsletter, you are already on the list. No need to re-join, but we encourage you to share with your colleagues, especially those new to UC Health and UC.

Sign up to receive communications from the UC Health Office of Clinical Research on the topics of new SOPs, education sessions, news, events and information geared towards the UC/UCH Research Professionals community.
